## Comment text:

**Related subject:** Proposed electoral boundary changes

I strongly object to the proposed transfer of the Trinity ward into the Bisley and Painswick division.

As a resident of the Trinity ward I have no relationship with Bisley and Painswick. Stroud has a stronger urban identity which I am part of, and this identity is not shared with Bisley, Miserden or Painswick.

Splitting this area off would be nonsensical, as the needs of Trinity ward and the people within it, are clearly different to the needs of those within more rural communities. I also question why you would want to have two parish councillors representing Stroud. This seems bizarre, inefficient and lacking in common sense.
