**Related subject:** Changing the boundaries of Trinity Ward in Stroud

I disagree with the boundaries of Trinity Ward in Stroud being changed. My family & I have lived in Trinity Ward for nearly 30years and I was brought up locally. It is a thriving Hub, where we all know and look after each other. We don't want to lose this- yet another unnecessary change being proposed by people who probably don't even live here or appreciate all the hard work that goes on to make it a special place to live.
