I think it is completely ridiculous, you want to change it just to suit councillors. What if anything will be the benefit to the residents? It appears to be completely unnecessary. I would suggest councillors work together. I'd like to know who came up with this risible proposal. Probably the same person who decided to carve up Lime Street and leave it like a war zone for months. The council are always wasting money, look at the cycle Lane in Tuebrook. It was dangerous, unused and unnecessary and now the barriers have been removed. This is tax payers money that is being squandered and I strongly object to it.
