I would like Croxteth County Park Estate to become its own ward, breaking away from the Croxteth ward, as we gain no benefits, in fact hinders decisions made as the Park it deemed affluent. As a volunteer for a tots playgroup in the church on the estate for 4 years I have first hand knowledge that this is a misconception. Families working hard and some bearyl getting by, using foodbanks some weeks or loans from friends/family. Just because people work and pay a mortgage DOES NOT in my opinion equate to affluence.
