Dear Sir/Madam,

As a Grangefield resident for over a decade I am not happy with the proposed changes to the New Town and Grangefield Wards. I feel that Grangefield has a distinct identity with its own schools, college, cultural and sporting amenities. I do not feel that Grangefield has anything in common with New Town for reasons outlined above as well as access to bus routes and housing-type.

With thoughtful consideration, it would be entirely possible for Grangefield to remain as a stand-alone ward with the appropriate numbers to retain at least one councillor and with New Town joining Stockton Town Centre (which it has more in common with) as a three councillor ward.

I hope that you will be able to take my concerns into consideration.
