Dear Review Officer,

I have lived in Grangefield ward in Stockton for the last 50 years and I'm proud of the assets that lend their name to the ward. For example Grangefield Academy, Grangefield Park, Grangefield Community centre etc. We also are at home to Stocktons Cricket and Rugby clubs on Grangefield road.

A lot of work has gone into the refurbishment upkeep and care of the park through the local Community of which we are rightly proud.

I would like to see Grangefield ward incorporate Grange Estate and Newham Grange Estate Including Bramley Green Estate, Stockton Town football club, the 6<sup>th</sup> Form College, Sainsbury Super Market and whatever else it takes to reach the numbers required to retain one local councillor.

In our ward we have good facilities, shops decent bus service and I believe it would be a tragedy If Grangefield lost its identity was swallowed up by Newtown Ward.
