Hi,

I wish to object to the proposed boundary change for the New Town/Grangefield wards in Teesside.

Grangefield has nothing in common with New Town, we do not share any local facilities or common boundaries.

By merging these two together would not be in the best interests of the local community. It would be better that the Durham Road/Primrose Hill area join the Town Centre ward. These areas have stronger links; they share the same bus routes, Hebron church, shops, facilities and the housing is continuous.

A single member Grangefield Ward made up of Grange Estate and Newham Grange Estate makes more sense. This has strong links including, Bus routes St Paul's Church, Graysons road institute as well as local shops, schools and other facilities including Stockton Cricket Club and Rugby Club, Stockton Town Football club as well as Stockton 6th Form college.

Please reconsider these proposed changes.
