## Comment text:

**Related subject:** All

We need less Councillors not more, or some who actually care about the area. Our once-lovely town is a disgrace. Dirty, slippery-when-wet pavements (leaves left since Autumn), dangerously overhanging trees & bushes, litter everywhere & unnecessary cycling lanes (try counting how many cyclists use King Cross). I've lived here all my life & am ashamed of it now. Photographs & e-mails I have sent have been (except 1 councillor) ignored. I could go on!!! I don't know how wheelchairs, pushchairs & the blind cope with the disgraceful dangers they face if they attempt to walk in Calderdale.
