Freedom of Information Request for Boundary Commission for England

We would like to formally issue a FOI request for the below and which we understand is data you hold and not exempt from ROI exemptions.

Whilst we understand we do not need to provide an explanation as to why we require the data, we are looking to compile a UK wide total deep dive analysis of hundreds of the key public organisations so we can compare them all together on a like for like basis to see the full picture.

We believe there is an innate public interest in the disclosure of environmental information to the public, as well as a general public interest in all publicly funded organisations in being transparent and accountable regarding the environmental information they hold. Disclosing information on the overall cost of gas and electricity to your organisation for the last 2 financial years, would better allow the public to understand the energy needs of all government and key public sector organisations and would also aid the public to better scrutinise environmentally related expenditure to determine that it is cost-effective and appropriate.

The energy usage and cost information requested is what should be easily accessible by your energy procurement/bill validation team and so we please ask your team to complete the below and email back to us complete.

Ultimately the public have a entitlement to know what is being consumed and spent by the publicly funded organisations and so we thank you for your co-operation in advance.

If you feel you need further time to obtain this information or need further clarity, please just email us. Please provide all responses and requests back to [REDACTED]

Kindest Regards [REDACTED]

FOI Response from Boundary Commission for England

Public Sector type: Non Ministerial Department

Period Required	example	Year to end April-23	Year to end April-22
Total purchased electricity kwh's	5,000,000

Response: we do not hold this information as energy usage does not appear as a separate item on our accommodation invoices.

I hope this has been of assistance. If you have any further queries, please do not hesitate to contact me, quoting the reference number above in any correspondence.

If you are unhappy with the response or the way in which your request was dealt with and wish to make a complaint or request a review of our decision, you should write to:
