Related subject: Broomfield and Herne

I wish to register my objection to cut a part of Broomfield away from Herne and Broomfield district, I've lived in the area for more than 50years and I feel this is not a good idea for our community, it will have a divisive affect on the spirit of our close community. Would it not have been easier to place the Redrow estate on the old Herne bay golf course in with Greenhill and leave us alone, Upstreet seems a more sensible move to put with Marshside Chislet and Hoath, having been born in Marshside and lived there for 21 years I know that Upstreet and Chislet share many interests already. Please rethink your proposal and view it from our point of view. Thank you
