Related subject: Ward Change Proposal Herne & Broomfield

I wish to strongly register my objection regarding your proposal to remove part of Broomfield from the existing Herne & Broomfield Ward. We, have lived in Broomfield for over 30 years; there is a strong community, cohesive spirit between Herne & Broomfield. Your proposal will dismantle & disenfranchise residents from the rest of the Parish & remove a sense of identity. One wonders if the proposal is a precursor to further, "changes?" It makes no sense to add us to an unrelated new, Wantsum ward. How can a newly elected Councillor possibly represent the small part of Broomfield that has been chopped, in addition to dealing with an already stretched rural ward? We currently have 2 Councillors & this works really well. Rather than dividing the Redrow Estate why not leave our ward as is & move all of Redrow across to Greenhill? This is a better solution surely for all, parties. I await your reply with interest.
