Organisation Name: Doxford Ward (District or county councillor)

Comment text:

Hi,

I am contacting you in respect of the recent boundary review of Sunderland City Council area. I am one of the councillors for Doxford Ward.

I would first support the suggestion of renaming the ward 'Doxford Park' as this pertains to an existing location.

I was surprised to see the suggestion of Gilley Law/Lakeside being put within the Doxford Ward, however as this is keeping a community together within one ward I would be supportive of this and also means the actual Doxford Park will become more of a central point within the ward rather than being on the edge of the ward as it currently is.

I also would like to suggest that Tunstall Allotments are put within the Silksworth ward as they can only be accessed via Silksworth therefore it would make sense to be placed within that neighbouring ward.

I would like to stress that the boundary with Ryhope should run straight along Rotary Road (new road) as the current staggered suggestion would mean a new housing estate would be split within the 2 wards which would be problematic in the future- the estate should not be divided in 2.

Many thanks

Heather Fagan

Councillor for Doxford ward
