Comment text:

I agree with Commission's plan to keep Hastings Hill together with all other estates included in the current Sandhill electoral ward. We have the perfect boundaries of Chester, Durham and Springwell Roads and the A19. If you don't have a car Pennywell is a no go area amenities, shops etc are not assessable. We have no bus service to Pennywell and difficulty crossing Chester Road on foot. There is no footpath on the north side if you do manage crossing over. The present electable ward has good public transport and good easy assessable walking and cycling links making getting to use schools, community groups and shops no problem.
