Related subject: New council boundaries

As a resident of Sulgrave, I find it strange that Sulgrave and Concord are planned to be in 2 separate areas. Residents of Sulgrave have a lot more to do with Concord than with Barmston. In addition, the catchment areas of the two Sulgrave primary schools spread into Concord.

By the way, it was disappointing to see that the name of the River Wear was misspelt more than once in the Washington section of the report.
