Comment text:

Related subject: Fulwell Ward

In respect of the proposed boundary changes my understanding is that the commission has reversed its proposals to change the boundary line from Newcastle Road to the Railway line.

I firmly support this view as I strongly believe our street (Haversham Park) should remain within the Fulwell ward as our needs will be better served by the Councillors here rather than Southwick where the centre is a considerably further distance than that of Fulwell.

In addition myself and my neighbours (having spoken to them) use the amenities of Fulwell & Seaburn far more than Southwick
