I hope that I'm not too late to express my opinion.

My husband and I fully support the proposal to keep our area (High Barnes) in the same ward as Thornhill and Barnes. We definitely do not wish to be merged with Pennywell. Ours is a more residential area, and includes several amenities, made use of by people in the aforementioned places.

Without wishing to seem denigrating to Pennywell, this has long been a more downtrodden area although some improvements have been made. We are very much against any merger with Pennywell. They have their own facilities there.
