## Comment text:

**Related subject:** Pallion, Ford, Pennywell

I would like to support the boundary commission proposals to alter the shape of wards in the west of the City of Sunderland.

This include both High Ford and Low Ford to be included together in the proposed Pallion and Ford ward. These areas have a shared history with a strong shared community identity and assets. These include the Highfield Academy, Lambton Street Youth & Community Centre on Falklands Road and Blackie Park, formerly known to former generations as Blackberry Park.

I also agree with the inclusion of the Hylton Lane Estate in the Pennywell & South Hylton Ward. These areas have long had a shared identity and community with assets including King George's Playing Fields and Hylton Road shopping, including the former "Round Robin" pub.

I also agree with the commission that High Barnes should be joined with the Barnes and Thornhill Ward. Again, they too share community assets such as Broadway Juniors, Barnes Park and the Wavendon Pub.
