Comment text:

Just seen the map of the St Chad's on Plains Farm, Humbledon and High Barnes news page. Totally against this. Humbledon has nothing to do with St Chad's. We are St Nick's along with Tunstall area and you should not be changing this. Nothing links us with Herrington and I'm sorry but it just looks stupid. Typical government interfering in an area you know nothing about.

Really stupid idea as well to put the tiniest little corner of Silksworth lake/top end of North Moor Lane into this ward and the rest of it in Silksworth. So many problems with drugs, no lighting, motorbikes, litter, rats all in that area and now that one little corner of the lake will have different councillors to all the rest. Do you go to the other councillors if the rubbish blows over the boundry or if the rats cross it? Ridiculous. Please stop cutting our parks between wards!

Why are you not putting Silksworth, Gilley Law and Farrington together. The lake in Lakeside literally refers to Silksworth lake. They all blend into one you can walk seamlessly between them.
