Dear Sir/Madam

We agree with the Commissions proposal to keep High Barnes with Barnes and Thornhill together in one ward.

We are vehemently against merging High Barnes with Pennywell as Pennywell the main part is nowhere near where we live. They are a separate community.

The name is in the place High Barnes nowhere near the name of Pennywell constituency.

We have lived here for nearly 23 years and most of our area is private housing owned by occupiers. Pennywell has a lot of social housing and problems we would be scared by the same brush it would be hard to sell our house with Pennywell being our ward. We are not snobs but enough is enough. The name of the ward is in its name  
Yours  
High Barnes,
