## Comment text:

Hello

I am contacting you to agree with the boundary commission proposal to leave Hastings Hill,Grindon,Thorney Close and Springwell boundary as it is now as this make so much sense for so many reasons.

The basic reason from my point of view is when i was working in industry we would say If its not broken then don\*t fix it and what we have now is working fine.

We have many amenities shared between the 4 estates at present,schools etc and none with Pennywell which is across a main dual carriage way and many leisure activities and open spaces within easy walking distance. Why split things up that is working well now.

Many Thanks
