## Comment text:

**Related subject:** Pallion Ward

If Top Ford is moved out of Pallion ward it will cause an even deeper, then and us divide that has developed over recent years. A divide that will only grow, as funding will be funnelled elsewhere into projects in a larger ward. We need to remain as Pallion Ward, as if we are moved this will mean a disproportionate number of schools will then be included in a larger Pennywell ward. Highfield Academy, St Annes, South Hylton, Pennywell Nursery and Academy 360. Currently, we have both Diamond Hall and Highfield Academies and Diamond Hall Primary schools within Pallion Ward, which do well and require additional classrooms. The move in wards will decrease capital funding for each school as their numbers increase. So please reconsider, as the bus services are inadequate in those areas also.
