Comment text:

Related subject: Tunstall

I am deeply concerned with the proposal and suggestion a house I purposely purchased in Tunstall, St Michael's ward is proposed to move to the Silksworth Ward. I have been a resident of Sunderland in various areas for a number of years and to suggest the community representation proposed in this would be reflective of communities is quite frankly nonsense. As someone who has worked in communities in Sunderland previously this makes absolutely no sense as the needs and priorities will differ vastly. I am personally concerned about the implications on the value of my home which was bought on the basis of it being in Tunstall not Silksworth. I strongly oppose these changes and do not feel this is being done in the interest of any community.
