## Comment text:

My Name is [REDACTED], I was a practice nurse for twenty years on Southwick Green, and later at Monkwearmouth Health Clinic on Dundas Street. I firmly believe from my experience working in this community that both these areas should be part of the same electoral ward. There is a big difference between Dundas Street and the streets to the East of Church Street where my mother lives. Otherwise I agree with the commission's well-thought-out proposals for North East Sunderland.

I personally, live in Seaburn - off Dykelands Road and do not consider Roker to be part of the same community. It's my opinion that Clifton and Stanhope Roads should be in a different ward to Dykelands Road where i Live. Clifton and Stanhope are isolated from my community and rely on Roker Park while we look to Fulwell Library for community assets.

Kind regards

[REDACTED]
