Dear Sirs

With reference to the proposed review into Boundaries I totally agree with the proposal to place High Barnes together with the rest of Barnes and the Thornhill Ward

These proposals are absolutely correct to place these areas together .

Considering these areas are linked by Streets .Type of Housing .Education and Community spaces .Type of Residents .

I have lived in High Barnes as a child and married family person for a total of 60 years

I am totally against any proposal to merge High Barnes and Pennywell areas.

Regards

Regards
