## Comment text:

As a resident of what will be the new Thorney Close and Grindon Ward, I do not understand why some of Humbledon has been included in this area, nor why Foxcover Lane in Herrington is in the Ward. I believe that the changes made to create the new St Chad's Ward negatively affects Thorney Close and Grindon by adding into it part of an area which is not Grindon, Thorney Close or Springwell and it is hard to understand why the Commission, having previously created a ward which was so coherently formed around three communities, has made this worse. The previous Tunstall and Humbledon Ward previously encompassed all of Humbledon, of Tunstall and of Plains Farm and the Commission seems to have scrapped what were very coherent plans for this new set of arrangements which simply do not make sense and tear communities apart.
