I'm writing in response to the latest most crazy leaflet to be put through my door concerning a BOUNDARY CHANGE proposed for FULWELL.

Firstly does this mean that SEABURN METRO STATION is going to change to SOUTHWICK METRO STATION.....

FULWELL QUARRY will be SOUTHWICK QUARRY.....

The muched love FULWELL WINDMILL will be renamed SOUTHWICK WINDMILL.....

These are land Mark's that have been in FULWELL for hundreds and hundreds of years..... ( WHY CHANGE NOW ) and on that point of

WHY ..... we have been given no reason for this change and I can't see what benefit it would be to the residents of those streets involved, on the down side how ever.....

House prices for example..... may fall

Insurances.....may rise

Car insurance .....may rise

To me the BOUNDRY of NEWCASTLE ROAD as it is now.... should remain, it seems a more NATURAL BOUNDRY than the railway line. Also keeping fulwell one ward
