## Comment text:

**Related subject:** Broad Oak

This boundary change is pure manipulation to try to gain more votes for this corrupt, self serving, vile government. I really hope it backfires and the parasite that is roger gale loses his seat. He has gone along with every tory idea, yet he has constituents living below the poverty line. Shame on him. Keep the boundaries as they are and let Broad Oak remain in Canterbury.  
Tories out! More information not needed, my views are quite clear.
