Postcode: [REDACTED]
Organisation Name: (Member of the public)

Comment text:

Related subject: Broadstairs and Westwood

The five wards of Broadstairs could be reduced to three. Viking and Bradstowe could become Broadstairs Central. The current boundaries are illogical as they split central Broadstairs and especially the Viking Bay area. Beacon Road and Kingsgate could become Broadstairs North. St Peter's should remain the same as it has a separate identity. The number of councillors could then be reduced proportionately. The most important change in Thanet should be the creation of a Westwood ward. The retail and leisure complex is now rapidly devolving into a new town with all the additional housing. However, it currently has no separate identity as spans several wards. It needs definition and representation.
