Related subject: Wistaston

It is going to be very confusing for existing residents and new residents of the area of Wistaston that is being proposed to be moved to Leighton and they will still be in the parish of Wistaston. Residents bought their property because it was in Wistaston, Leighton is an area that surrounds the hospital not properties that are 3+ miles away it will cause great confusion and possibly a change in the value of houses as houses in Leighton are generally cheaper than Wistaston.
