**Related subject:** Dumbah Lane

I live on Dumbah Lane with my wife and our three children, we have been made aware there is a possibility that the Eastern End of Dumbah Lane is to change its boundary and move into Tytherington. Our family's lives revolve around Prestbury Village and the local community, our children attended Prestbury Primary School and regularly visit / participate in church events in the village, they play cricket at the cricket club, are members of the tennis club and are at Prestbury Park most weekends. The children catch the school bus each day from Prestbury village and are dropped off in the evenings again in the village. The children are always involved in the summer and Christmas village fairs and as a family we very much socialise in Prestbury. We have much stronger ties with Prestbury than we do with Tytherington and believe the boundary would be better suited to include our houses within the Prestbury boundary and align with the other houses on our lane

Dumbah Lane is a very close knit community and placing all the houses under the same boundary seems to us to be the logical way forward and will produce a more clearly defined boundary and a much better alternative to the current / proposed situation.

i do hope our wishes are taken into consideration when you make your decision.
