Comment text:

I understand that the Dumbah Association has already written to you about the proposed boundary change affecting Dumbah Lane but wish to place on record my strongly held view as a longstanding resident that no alteration to the present boundary lines should be made which would lead to properties being artificially placed into Tytherington ward.

Furthermore the centre of Prestbury is actually nearer to where I live than Bollington and using the Silk Road as an arbitrary dividing line doesn't make any sense!

I have always had two postcodes and would not wish to be allocated a third Macclesfield postcode.

In conclusion I would rather be in Bollington or Prestbury parish and trust that the powers that be take heed of the unanimous wishes of all the residents of Dumbah Lane

Yours sincerely

[REDACTED]
