Related subject: I am town councillor for Saltaire and Hirst Wood Ward

My views are identical to that of my Green Party colleague and Bradford District Councillor for Shipley Ward who has already made his submission. I am writing to support his response and to highlight two key issues:

The plan to bring some of Cottingley into Shipley is not a good idea. The residents of Cottingley have no significant link to Shipley. They are far more likely to make use of local facilities in Bingley. Splitting up that community into two separate wards makes no sense.

As Town Councillor for Saltaire and Hirst Wood Ward I object to the plan to move some of the Saltaire World Heritage site out of Shipley ward and into Baildon ward. It is important that the World Heritage Site remains in one ward - Shipley.
