## Comment text:

Please find attached my letter of objection to the proposed moving of Stainborough Parish from its existing ward of Penistone East into the new ward of Dodworth, Stainborough and Tankersley.

My husband and I have discussed the matter at length and have exactly the same objections.

Best Regards

[REDACTED]

**RE: New Boundary Proposals relating to Stainborough Parish**

I am contacting you to say that I do not want the proposed creation of a new ward to include Stainborough Parish, Dodworth and Tankersley to go ahead.

Stainborough Parish is currently in Peniston East Ward and I think it should remain part of this ward as it has always been there, together with eight other rural councils. We are a small community (350 people) and our removal simply to address claims that Penistone East has become too large will not make a difference.

My biggest concern is that Stainborough is rural in social identity and in reality. The area is mostly Farmland and woodland and also plays a vital role maintaining the levels of wildlife and the underlying biodiversity.....most of the parish is in the Green Belt. Dodworth is urban in nature and so is most of Tankersley.

I use the Bus service and the buses go to Barnsley and Penistone NOT Dodworth or Tankersley, I shop in Penistone, the Medical Practice is in Penistone and my neighbours children go to Penistone Grammar School. I also know several people here who work in Penistone.

My second biggest objection is that how can a small rural area be properly represented when lumped in with two much larger populations with very different interests and issues (12,000 residents)

**I therefore wish to object to the proposals of Barnsley Metropolitan Borough Council and register my objection to moving Stainborough Parish Council out of Penistone East Ward and into a new Ward of Dodworth, Stainborough and Tankersley.**
