## Comment text:

**Related subject:** Birdwell

I feel that Birdwell should remain part of the Hoyland, milton and Rockingham Ward as the current Worsbrough Ward is a very different area with more social and economic issues present. I also fear that the allocation of funding and resources would not be fairly distributed to the Birdwell area if it were to be included in the Worsbrough ward. I also do not agree that the Birdwell area should be split up into two different wards. The school that serves that vast majority of the Birdwell community is would be split as would the main route in and out of the area.
