Related subject: Bingley

I have recently moved to Bingley from another part of the country and am shocked to see these plans which are literally carving Bingley into 2. There is no benefit to Bingley as a whole in having its governance split in this way and risks impacting on the community spirit, the collaborative events and activities, and the exciting plans that I have witnessed, experienced and heard about since moving here.

The changes mean I, along with many others, will lose the ability to elect councillors to represent me on issues affecting MY town centre - which is just a 2 minute walk from my home! Parking, licensing, the swimming pool, library, Myrtle Park and the town hall - all of which are my local amenities, will be decided by the residents of Harden and Cullingworth etc. This is not democratic and removes my rights to vote on things which directly impact on me. I moved to Bingley to be part of this community and these town centre amenities are extremely important to me. When electing town council officials, I expect my options to be for officials that have the power to impact positively on the things that affect me. These changes remove that.
