Related subject: Eldwick/Baildon

I have never seen anything so ridiculous as to changing the boundaries. Why would a councillor in Baildon take any notice of me who lives in Eldwick down one of the well known streers in Eldwick if their neighbour lives next door in Baildon .
I am not sure if you are aware but there is a massive moor inbetween and a lane which is sometimes impassable.
I totally object to this new boundary.
We are supposed to be all coming together not splitting up a village .
