Related subject: Baildon,Bingley,Shipley

I have lived in Baildon for 31 years,born in Bigley Nd my fathere was from Eldwick so I have links with all areas
I support including PD22A in the Baildon Ward to include 2 important and as I see it Baildon schools in the area as well as including the tramway in the Baildon Ward rather than straddling 2 wards
I do not think Baildon and Eldwick should be in the same ward they are both lovely distinct places and neighbours but divided by moorland .I have always seen Eldwick as closely aligned with Bingley
I support Baildon Ward including PD22 which includes Coach Road an area which I think should be integral to Baildon in terms of inclusion and community services .
I do not think a Baildon and Eldwick ward makes sense ,it would split both Eldwick and Bingley to create a false alliance .Services for both Eldwick and Bingley would be better served in their own separate planning areas .
Thank you for conducting this further consultation
Kind Regards
