Dear Sirs

I wish to express opposition to this proposal because -

I live on Lee Lane and do not have any feeling of "belonging" to Shipley. I do not visit or shop in either Shipley or Saltaire rather using Wilsden/Bingley and Keighley.

In the past Lee Lane was part of Wilsden as evidenced by the fact that it is referred to as "Lee Lane, Wilsden" on official documents. Even correspondence from Bradford Council cites it this way.

It can't be argued that Lee Lane has an affinity with Shipley. There is no historical context for this idea.

I appreciate that wards need a balanced number of households/voters but don't believe this is the way to achieve that balance.
