**Related subject:** Baildon

I very much support the proposal to include Polling District 22, which includes the Coach Road area, (currently in Shipley Ward) in the new Baildon Ward. This aligns the boundary of Baildon Ward with that of Baildon Town Council, which makes so much more sense for delivery of services and community cohesion. As a volunteer with various organisations which serve people across Baildon, and as recipients of Baildon Town Council grants, I feel it is really important to line the Baildon District Ward Boundary with that of Baildon Town Council.
