Good afternoon my name is [REDACTED], my address is [REDACTED], I am emailing to express my utter disgust at your plans to change the boundaries, what gives you the right in London to determine what happens in an area you are no where near??? yet again it comes down to lining your own pockets with money and destroying the natural surroundings of our area...LEAVE IT ALONE. stick to conducting buisness in your own area and leave our boundaries alone, we are sick of housing estates popping up in our area enough is enough.
