Comment text:

Related subject: cottingley, march cote lane, woodside estate

with the proposed new Shipley boundary, i do not believe this would provide effective local government for the residents of cottingley nor have the best interest or reflect the community of cottingley as we are closer to bingley than Shipley This proposal in not in the interest of the residents of cottingley.

Also the new Shipley boundary would have a negative affect on the area the new proposed ward of Shipley. I do not believe the Shipley councillors would have cottingley best interest at heart

I personally am not happy with this proposal and want to remain part of the bingley ward
