Related subject: Cottingley

I oppose the proposal to move most of cottingley to Shipley ward.

I have lived in cottingley all my life & it has always been part of Bingley. Bingley is the closest town & the place I go to the most often. I even work in Bingley. I have no affinity whatsoever with Shipley & rarely go there. I dont feel I would be represented effectively by Shipley councillors as I think the needs of Shipley are different to those of Bingley & Cottingley

My whole family all live in Cottingley or Bingley & do not wish to be part of Shipley.

Bingley council has been working hard for the needs of cottingley & I dont believe we'd get the same focus under Shipley.

My interests & priorities will always remain within Bingley. Cottingley is Bingley postcode & should remain as part of Bingley. Cottingley needs to be supported by local councillors who understand its needs & who will oppose plans to build on green spaces. I believe Bingley council will do that but I think Shipley will not.
