Organisation Name: (Member of the public)

## Comment text:

I'm an Eldwick resident of 41 years standing and can only assume having read the proposed boundary changes that "the lunatics have escaped the asylum!"

A nonsensical change ripping my community away from its Bingley Town roots.

I support 100% the objections and case put forward by Bingley Town Council and hope that common sense might prevail here and that the Boundary Commission doesn't damage the heart of a community that is my home and which my family love passionately.

Please don't do it.
