Comment text:

Commissioner,

Your proposals introducing Bingley East & Bingley West wards appear to be a very practical solution to a difficult problem. I am thankful you intend to keep Eldwick whole, and in Bingley East.

Cottingley community centre is already separated by over 2 miles from Bingley town hall and currently in a different ward.

Cottingley to Shipley town halls is a similar distance with very frequent buses along A650.

In contrast there is no public transport or footpath across 3 miles of moors to Baildon. It is a treacherous drive in winter.

There is a vociferous campaign to reverse your current proposal. It is simply for party political gain. I believe party politics is excluded from your terms of reference.

This pernicious interfering should not be allowed to stand.

Yours sincerely,
