## Comment text:

Dear Sirs,

I want to give my support to the proposal to keep Eldwick part of a Bingley Ward and to express my disapproval of the alternative proposal to merge it into Baildon Ward.

Bingley is in close proximity to Eldwick and most of the facilities we use are located there: the Doctors, Dentist and Optician. We also do much of our shopping there and have many friends and acquaintances in Bingley.

This is not the case with Baildon, indeed we rarely go there. Bingley is an easy walk from Eldwick and on a bus route, Baildon is a much longer walk and not on a bus route.

For the foregoing reasons, we in Eldwick feel a close connection with Bingley and would like our local political representatives to serve Bingley and Eldwick as an entity.

Your faithfully
