## Comment text:

**Related subject:** Bingley Rural Ward

The revised boundaries are much more sensible. Eldwick is no longer cut in half and stuck on to the end of Baildon. Furthermore the boundary follows a real, on the ground feature along Lodepit Beck to the River Aire. That just feels more sensible. Thank you for listening to the public's opinions. I thought we would be ignored, as we have been during so many other "consultations".
