**Related subject:** New pattern of wards for Bingley

Hi, I am writing with my concerns and disapproval of the new plans to take my village cottingley and cut it in half for wards. Putting us in the higher part in Shipley and low part in Bingley. I do not feel Shipley is local enough and has the best interests for where I live. My address has Bingley in it my post code is that of Bingley rural and yet the new proposal will see decisions for me and where I live fall under Shipley. I live in Bingley, work in Bingley, shop and socialise in Bingley so would very much like to discourage splitting a village in half to out part under Shipley. Common sense would suggest jeeeping a whole village under the ame ward and I suggest altering the boundary line to include the whole of Cottingley under Bingley still. [REDACTED]
