## Comment text:

We strongly consider that the village of Eldwick BD 16 should remain whole within a Bingley ward. To split a village which has such a strong community spirit ( how many villages have a monthly village newsletter and a thriving charity - fund-raising Gala every year ? ) and the suggestion to join half or all the village to Baildon which is separated by at least 2 miles of uninhabited moorland with no possibility of public transport is incomprehensible.
