**Related subject:** Bingley

I disagree with Bingley and Bingley Rural being replaced with Bingley West and Bingley East. It doesn't make sense to me to split on the railway line so the vast majority of the town's amenities end up in West, overseen by councillors supporting the interests of Harden, Wilsden, Cullingworth, etc. whose residents may be less impacted by what happens in Bingley town centre. Also isolates Bingley town residents in Poplar House, Bailey Hills, etc. from the rest of Bingley.
