8.8.2024

I am writing to express my concern and dismay that a new campaign has started to split Eldwick again to Baxenden.

We are such a tight knit village with great support in the community, especially for elderly people like myself - There is no bus to Baxenden and it seems a ridiculous idea. Since Bradford put in the clean air zone

for lorries etc the moor road is dangerous because of FGV's & lorrys using the country roads to avoid the IZL zone

I ask that you look at all the comments you have received and leave Ellwick and its historical background alone.

Yours faithfully
